

SDG.11.4.2

Actions to promote the % of more sustainable on Campus

Our school has 4 ways to restrict or reduce private cars on campus, which are explained as follows:

1. Set up 10 ZEV (U-BIKE) stations, and with a student ID, students can rent a bike for 30 minutes free of charge:
 - (1) Since 2020, the school has brought in U-BIKE Smile Bikes provided by the Kaohsiung City Government. In August 2021, Kaohsiung City's celebration of reaching a milestone of the completion of the 1000th U-BIKE Station took place in our school
 - (2) As of Dec 2024, a total of 10 bike stations have been set up on campus. The stations are spread across teaching buildings and student dormitories, with more than 250 bikes available for teachers, students, and visitors. All stations are equipped with bike racks. With a student ID, students can rent a bike for 30 minutes free of charge.

 - (2) Motorcycles:In 2024, license plate recognition systems were installed at four campus gates to control motorcycle access. motorcycle parking fees were implemented.
3. Promote the Use of Bus, METRO, LRT (Light Rail Transit), Public Bicycles and local trains:
 - (1) In line with the low fare policy of Kaohsiung City Government and Kaohsiung Rapid Transit Corporation, the school encourages teachers and students to use public transportation more

4. Promote the Taxi Sharing system:
 - (1) To reduce the use of private transportation, the school cooperates with the policy of the Transportation Bureau of Kaohsiung City Government providing preferential prices to encourage teachers and students to share taxis and then transfer to public transportation. The school has set up 5 pick-up locations on campus: the College of Management, the College of Science, the College of Human and Social Affairs, The Student Dormitory, and the General Building.
